

Synthetic Translation Result Conflict

Cara North, Dylan West

Abstract

We present a translation model that reaches 28.4 BLEU on EN-DE.

On WMT 2014 EN-FR, the model achieves 41.8 BLEU.

1 Introduction

The benchmark compares controlled translation systems.

2 Results

Table 2: EN-FR BLEU 41.8.

3 Conclusion

The prose reports 41.0 BLEU for EN-FR, conflicting with Table 2.
